City Council called meeting to order – Mayor Voss called the meeting to order at 6:00 P.M.

Roll Call: M. Rachu, Weix, D. Rachu, Soto, Huther, Faber, Weideman, and Kramer.
Faber – Absent

Others Present – Administrator Grady, Water/Wastewater Supervisor Soyk, Public Works Director Stuttgen, Tracy Olson, Kevin O'Brien (Tribune Phonograph)

Pledge of Allegiance – Held

Establish Order of the Day – Move Public Works items to after public comment.

Comments by the Mayor – Mayor Voss stated that vaccinations for health care workers has begun in Curtiss.

Administrator's Update – The sale of the new water bond has been delayed because the USDA had to sign off. We heard today that the National USDA office has finally signed off and, hopefully the state office will sign off this week. That would put pricing at the end of this week/early next week and closing as soon as next week.

Public Comments – None

Public Works Update – The Christmas decoration are being taken down. It looks like Public Works finished under budget. Public Works Director Stuttgen asked the City Council consider carrying over some of the surplus fund and placing it into savings for future capital purchases. The City continues to ask Frontier to repair their equipment.

Minutes from the City Council Meeting held December 16, 2020 – Motion to approve by *Weix/M. Rachu. Unanimous.*

Minutes from the December 21, 2020 Annual TIF Meeting - Presented

Incidents/Accidents/Training - none

Questions Regarding Property Taxes – Administrator Grady explained that the City levy went up 1-1/2% as approved by the City Council. The percentages seen on the City tax bills are different than 1-1/2% for a number of reasons.

In Clark County, the share of the city's equalized value increased. This caused more of the city's levy to be spread on to Clark County properties. In addition, the value of the TIF increased. While property owners that are not in the TIF are not supposed to pay taxes associated with the TIF; the TIF does affect all properties. When the County Treasurer applies the city taxes to individual tax bill the amount used is the City levy plus the TIF levy. That total number goes to all properties in the County. While the TIF properties pay the TIF taxes it inflates the actual percentage of property taxes increase shown on the tax bill.

In Marathon County, the same issue regarding the TIF affected property owners. There was, however, another issue that cause taxes to go up in Marathon County. Abbyland Foods had their assessments reduced by \$3.36 million. The lowering of the assessment lowered Abby land's property taxes. However, it also had the effect of spreading the taxable value of the \$3.36 million on to every other taxpayer in Marathon County. Administrator Grady pointed out that in the current issue of *Tribune Phonograph* there is an editorial on *Dark Store* that shows this very effect.

Approve/Disapprove Changing Taxes Due on Clark County Parcel 201.0666.001 due to Assessors Mistake – The former City Assessor mistakenly attributed this parcel to O'Reilly Auto Parts; reclassified it to commercial; and raise the value to \$25,000. Administrator Grady spoke with the new assessor about the issue and it will be fixed for the following tax year. However, this year needs to be addressed. The correct tax owed on this property is \$2.89 instead of \$722.74. The property owner will write the City a check for the \$722.74 and the City will give the property owner a check for \$719.85 to correct the problem for this year. Motion to approve by *Weix/D. Rachu*. *Unanimous*.

Discuss/Approve/Disapprove Further Actions With Advanced Disposal Regarding Smaller Trash Carts – The City Council decided to address this issue at another time.

Water/Wastewater Update – The pump was repaired at the water treatment plant. Public Works was able to install a new radiator at the Porkie plant.

Approve/Disapprove Operators Licenses – Motion to approve by *M. Rachu/Weix*. *Unanimous*.

Discussion: Meeting Attendance – Some members of the Council believe that neither the Council nor its committees should have to continuously rehash settled issues due to some members not being present at meetings.

Closed Session pursuant to Wis. Stat. s. 19.85(1)(g). Conferring with legal counsel for the Common Council who is rendering oral or written advice concerning strategy to be adopted by the body with respect to litigation in which it is involved, namely Marathon County Case No. 19-CV-601, *City of Abbotsford vs. Chelt Development, LLC et al*

Motion to go into closed session by *D. Rachu/Weix*. *Roll Call Vote*. *M. Rachu - yes, Weix - yes, D. Rachu - yes, Soto - yes, Huther- yes, Faber - yes, Weideman - yes, and Kramer – yes*

Discuss/Approve/Disapprove Insurance Carrier (Property/Auto//Liability) for 2021 – Butch Wiegel and Ryan Bedroske presented their proposals. Both quotes came in less expensive than the current carrier. Both quotes were pretty comparable in coverage.

The Klinner quote came in ~\$15,000 cheaper than the other quotes. The City Council questioned how the quote could be so much cheaper. Mr. Wiegel stated that they coverage came from the City’s current insurance policy and that everything matched up. Their insurance carrier just has that much better rates.

Motion to approve Klinner Insurance plus the expense of bonding by *Huther/Weix*.
Unanimous.

Others Present – Administrator Grady, Public Works Director Stuttgen, Water/Waste Water Manager Soyk, Library Director Jochimsen, and Kevin O'Brien (Tribune Phonograph)

Pledge of Allegiance – Held

Establish Order of the Day – No Changes

Comments by the Mayor – Mayor Voss reminded the Council that the issue of sewer rates was supposed to come up again now. Mayor Voss suggested waiting until after the audit to discuss sewer rates.

Administrator's Update – Administrator Grady spoke to Abby Bank regarding the Nursing Home CD. It is currently receiving an interest rate of 2.3% which is much better than anything currently available. It matures in 2026. There would be no penalty if the City were to cash in the CD or convert it into a different type of account.

Administrator Grady spoke with Graff Law firm regarding the house 318 N. First St. This is the house where the owner already took out a raze permit. She recommend sending the owner a letter telling him that he has 30 or 45 or 60 days to raze the building. If he doesn't then the City Council should order the Police Department to start issuing daily fines until he complies.

Attached you will find the Sales Day Report for the Water Refunding. The City ended up saving \$465,000 which is almost exactly what was expected. The actual transactions will occur on the 27th. As you are aware, 2 bonds were refinanced. The USDA will be doing an EFT to get paid off and we are going to have to write a check for almost \$615,000 to Bond Services Trust from the balance of the loan funds to pay off the 2nd bond that was refinanced.

Finally, the Nikolay Foundation made a donation in the amount of \$8500 for the Shortner Trust Fund.

Fire Department Update – Mr. Weix presented the Fire Department update. In addition, Mr. Weix noted that Central Fire will be receiving bids on a new fire truck.

Public Works Update - Public Works Director Stuttgen stated that the City is running into issues with the railroad on the Linden Street project. The railroad will not give the city an easement to run the water on their property unless the city agrees to repair their culvert. The estimated cost of repairing the culvert alone is at least \$250,000. City staff will look at other options to solve the flooding issues on Linden Street.

Discussion: N. 3rd St. – Administrator Grady and Public Works Director Stuttgen informed the Council that the City received an opportunity to get a \$14,000 LRIP-MSILT grant. The money became available because another community was unable to use it in the required time period. The project must be completely finished by June 30th

Public Works Director Stuttgen presented two projects. North 3rd Street and 11th Street as likely candidates. North 3rd Street would allow the city to maximize the use of the grant money and use TIF money as city matching funds.]

The Committee of the Whole agreed to proceed with N.3rd and give formal approval at the next City Council meeting.

Discussion: Property Insurance – Some members of the Committee asked if we could try to get insurance quotes earlier in the year.

Discussion: Police Commission Attendance – It was requested that the City Administrator attend the budget meeting for the Police Commission. Alder Kramer

resigned from his seat on the Police Commission. Alder Kramer will be replaced by Alder Mason Rachu until re-organization.

Discussion: Voting – Alder Kramer brought up some issue that he had with November 2020 election. Administrator Grady stated that he was already working with the Elections Commission on those issues.

RE: N. 4th Avenue Improvements Project

Dear Administrator Grady, Mayor Voss & City Council:

On Thursday, January 28, City of Abbotsford opened bids for the aforementioned project. Seven (7) bids were received. After verification, bids ranged from \$574,252.50 to \$694,113.50. The low bid was from Switlick & Sons, Inc. of Athens, WI. I have attached a bid tabulation showing the bids received. It is our opinion that the City received comparable and competitive bids. Cedar Corporation's Opinion of Probable Cost of Construction w/Contingencies was \$759,580.00.

Accordingly, I recommend that the City of Abbotsford award the N. 4th Avenue Improvements Project for the amount of \$574,252.50 to Switlick & Sons, Inc. contingent upon receipt of bonds and insurance.

Cedar Corporation will attend your City Council meeting to present this correspondence and answer any questions you may have. If you have any questions prior to the meeting, do not hesitate to contact me.

Respectfully Submitted,
CEDAR CORPORATION
